

INDUSTRIAL REFRIGERATION TECHNICIAN

Company Description:

C & C Technologies, Inc. provides top quality refrigeration service, installation, and technical assistance for Pharmaceutical, Biotechnology and Crop Science clients in North Carolina, South Carolina, and Virginia. We are growing our team to expand our client base and are seeking new team members with good technical ability, experience, work ethic and teamwork skill sets. We offer competitive pay, excellent benefits, paid personal leave and holidays and vacation plus 401K retirement plan.

Job Description:

The Industrial Refrigeration Technician position involves but is not limited to:

- Service, maintenance and repair of temperature & humidity stability chambers, plant growth chambers, industrial test chambers, cleanrooms & ultralow temperature freezers.
- Instrumentation calibration, temperature & humidity.
- Preventive maintenance services
- Industrial control panels with PLC, electro-mechanical and solid-state controls.
- Uniformity mapping of new & retrofitted chambers.
- Utilizing equipment manuals and schematics to facilitate troubleshooting.
- Cascade refrigeration.
- Training & supervising junior technicians as required.
- Other duties and responsibilities as required to ensure customer satisfaction and smooth operations.

Requirements:

- US Work Authorization.
- High school or GED.
- Experience is preferred, but training is available.
- Valid driver's license.
- Self-supervising – work by direction of the division manager(s).
- Lift up to 50lbs.
- EPA Certification, Universal.
- Ability to pass background check and drug screen.

Desired Knowledge, Skills & Abilities:

- Refrigeration license preferred.
- 2-year technical degree and/or equivalent refrigeration & electrical training preferred.
- Intermediate computer skills – Microsoft Office applications (Outlook, Excel & Word).
- Knowledge of mechanical, system controls & power distribution.
- Be detail oriented.
- Team player mindset with positive attitude and good energy.
- Customer service skills.
- Strong technical communication and problem-solving skills.
- Organized, forward thinking, and dependable.

Compensation:

- Hourly: Based on qualifications & work experience
- Paid personal leave & holidays
- Excellent Benefits Package
- 401K Retirement Plan
